Find Your Voice with 50% savings on Mitel IP Phones!

Not getting what you want out of your existing Nortel®, Avaya®, NEC® 3Com or Toshiba® phone system? Then it's time to make your voice heard – and save money, too! – with an award-winning Mitel Communications Director (MCD) solution!

If you're a current Nortel, Avaya, NEC, 3Com or Toshiba user, Mitel makes it easy to Find Your Voice with this special 2-for-1 IP phone offer! Get 40 select model Mitel IP phones for the price of 20 when you switch to a MCD communications system!

Mitel MCD allows you to operate your communications system with flexibility, ease and reliability. This powerful software, with the embedded Mitel Dynamic Extension solution, runs on Mitel® 3300 IP Communications Platforms (ICP), or industry standard Sun Microsystems, HP and IBM® servers. Coupled with the industry's most comprehensive portfolio of IP desktop devices – from affordable entry level to sophisticated IP phones – users gain easy, intuitive access to feature-rich telephony and advanced desktop and mobile applications enabled by Mitel IP communications platforms.

Save money now ... save money later.

When you switch to a Mitel MCD communication system by October 31, 2010, you'll save money twice. First, save upfront by taking advantage of our incredible 2-for-1 IP phone deal! Then, save thousands by eliminating maintenance costs on your old Nortel, Avaya, NEC, 3Com or Toshiba system; reducing long distance charges between offices; and improving connections with customers and employees!

So Find Your Voice with Mitel and start saving today! Contact a Mitel authorized PARTNER for details!
